

TABLEAU DASHBAORD RUBRIC

Create a dashboard from scratch using a data source of your choice on Tableau Public and share your link.

- You can pick a dataset from <https://www.kaggle.com/datasets> or another source of your choice.
- Your dashboard should contain at least 3 different visualisations.
- Once you have created your dashboard, write a summary of your findings.
- You can complete this task independently or you can work within a group.
- Share your dashboard link with your tutor to access to your dashboard.

Marking Criteria

Pass	Merit	Distinction
<ul style="list-style-type: none">• Attempts to make one graph from the data source	<ul style="list-style-type: none">• Attempts to make more than one graph from the data source	<ul style="list-style-type: none">• Made a complete dashboard with several graphics and write a summary of their findings to accompany the dashboard
